The gymnasts progress through a skill development program, designed by our Head Coach, based on the Canadian Gymnastics Federation Program, which provides safe enjoyable skill progression for athletes of all levels.

We will be giving out progress reports at the end of the term. Each gymnast in the aged 5 and aged 8 recreational programs will have a Master Report that is given to the coach at the start of the term. This is used to monitor the child's progress on a weekly basis. As your child becomes proficient in skills they will be checked off on their Master Report. As the child reaches milestones within the program of 300 skills, they will be recognized with a sticker to be placed on a certificate, which is handed out with the first sticker they receive. The End Of Term Progress Report will not list all 300 skills, but will instead focus on letting you know what your child has accomplished and coaching tips to help enhance their learning.
